In all cases of racial violence against people from the Northeast the major problem has been the inability to react quickly and do so to the best advantage.

Unlawful threats to the letter "C"

Letters to the Editor

Sir – On November 3rd, I went to Blondie’s headphone Dealership, a unit of PD Pasari Foundation, for an appointment. I reached there at 10 am. Due to the absence of director Mr. Suresh Kumar, the store was closed. I reached back home disappointed. This is the second time I have faced the same problem. Even a second visit makes no difference. When I called their help line, the director assured me that it would be taken care. But after that no one has contacted me. I appeal to the concerned authorities to take up the matter seriously so that my problem is solved at the earliest.

Chief Minister to shift the site of a tea garden

Sir – On October 30th, 2008, the Dibrugarh district administration informed the tea garden community of Assam that the decision to shift the site of a tea garden from a tea estate in Tinsukia to Dibrugarh district has been made. This is a welcome move. The community leaders expressed their gratitude for the decision. However, it is important to note that the decision was taken after a long and careful consideration of several factors. It is a testimony to the government’s commitment to the welfare of the tea garden communities.

Traffic solutions

With Guwahati’s traffic woes mounting, the need for a streamlined traffic management plan can no longer be overstated. The city’s high population density and the number of vehicles for the worsening traffic situation, the fact that the number of vehicles has been increasing faster than the population of the city. To overcome this traffic congestion, the authorities have taken several measures, including the installation of traffic lights, the construction of flyovers, and the introduction of carpooling schemes. However, despite these efforts, traffic congestion remains a persistent problem in Guwahati. The city’s traffic management plan needs to be improved to ensure smooth flow of traffic and to reduce congestion. The government should invest in better infrastructure and technology to manage traffic effectively. The government should also encourage the use of public transport to reduce the number of private vehicles on the roads. This will help to reduce traffic congestion and make the city more livable.

Hearing and education needs of tea community

Sir – Since Assam attained statehood, the tea garden community has been a major stakeholder in the state’s economic and social development. Despite the challenges, the tea garden community has played a vital role in the state’s growth. The community has been an active participant in the state’s development process, and has contributed significantly to the state’s economic prosperity. The community has been instrumental in the development of the tea garden areas, and has played a key role in the state’s growth. The community has been an active participant in the state’s development process, and has contributed significantly to the state’s economic prosperity.

Leh, Ladakh

Leh Lakh, Ladakh (APHC) has decided to increase the electricity tariff by more than 200.

Northeast

The three taxi drivers were arrested by the police after being involved in a road accident in the city. The accident occurred due to their negligence and recklessness on the road. The police have urged the public to exercise caution while driving and to follow traffic rules to avoid such accidents in the future.

Lakshadweep

The second phase of the L对策 of Union government, which was to be held from March 1 to April 30, has been postponed due to the ongoing COVID-19 pandemic. The L对策 of Union government has decided to hold the election in two phases, with the first phase on February 25 and the second phase on March 12. The government has also decided to increase the number of seats in the L对策 of Union government to 200. This will ensure a better representation of the electorate.
